

05/05/2026

Dear Parents and Carers,

I hope this message finds you well.

We are writing to raise awareness about the responsible use of social media and what's-app groups, particularly in relation to members of the school community. As social media and communication apps continue to play a significant role in daily life, it is important that all adults—parents, carers, and extended family—use these platforms thoughtfully and respectfully.

We kindly remind everyone that posting or sharing content about the school, its staff, or its pupils should always be done with care. This includes avoiding the sharing of images, videos, or comments that could compromise the privacy, safety, or reputation of others. We ask that concerns, complaints, or grievances relating to the school or its staff are not discussed or aired on social media.

If you have any concerns regarding the school or staff, we strongly encourage you to address them through the appropriate channels. Speaking directly with a member of staff or contacting the school office allows issues to be resolved more effectively, fairly, and confidentially.

Our shared priority is to maintain a safe, respectful, and supportive environment for all members of our school community. We appreciate your cooperation in helping us uphold these values both online and offline.

Thank you for your continued support.

James Brown

Head Teacher
